

JEFFREY ALAN TOBIAS

Mr. Tobias is a Certified Management Consultant through the Institute of Management Consultants. His expertise is in project planning, scheduling, cost control, and schedule impact analysis. Mr. Tobias is an expert in implementing automated systems for the Construction Industry, and frequently performs computer software/hardware installations and training workshops.

Mr. Tobias has a diverse background covering over twenty-two (22) years of experience in construction scheduling. Mr. Tobias has applied his unique blend of construction management and computer skills in preparing analysis of construction disputes, and preparation of construction delay and disruption analysis. His experience includes a variety of high profile projects in both the public and private sector. Mr. Tobias is actively involved as the lead scheduler on approximately \$300M of construction.

Mr. Tobias has conducted lectures at the University of California, Los Angeles and has been involved in a variety of lecture and training programs for the National Electrical Contractors Association (NECA), Los Angeles Community Development Commission, and many individualized programs for NITRO clients.

Mr. Tobias studied Engineering (Computer Science/Mathematics) at the University of Toledo, Ohio and received his degree in Computer Programming in 1981. Mr. Tobias' career credentials include work as a systems analyst/programmer on some of the first personal computers. Mr. Tobias applied these skills to the Construction Industry in developing one of the first multi-user CPM scheduling programs for WEXCO INTL CORP. in 1984, where Mr. Tobias served as Manager of MIS, and Executive Vice President.

Mr. Tobias' software development efforts continued with the creation of document tracking and control systems for Los Angeles County, University of California, and individualized client systems. Mr. Tobias is a founding Partner and Vice President of the consulting firm NITRO ASSOCIATES, organized in 1992.
